### GIS workshop Barcelona 30 November - 2- December 2007

# Mapping and GIS in History and Demography

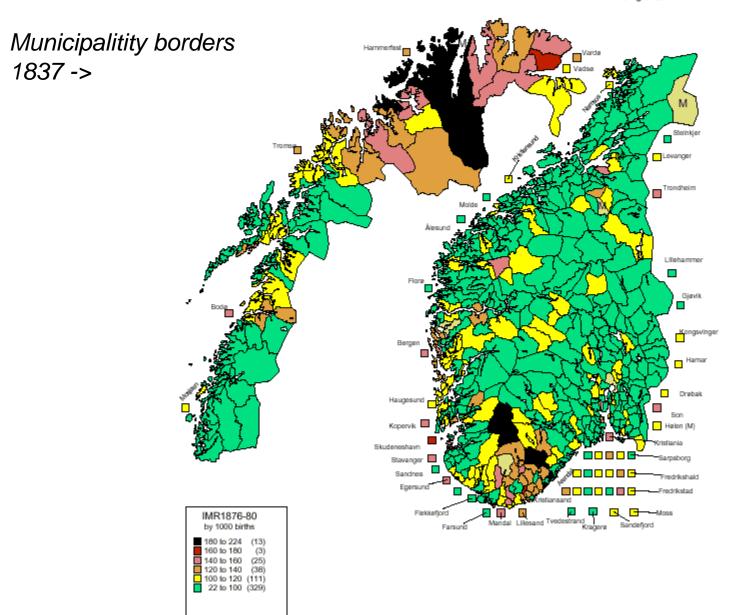

Gunnar Thorvaldsen
Norwegian Historical Data Centre
University of Tromsø
http://www.rhd.uit.no/

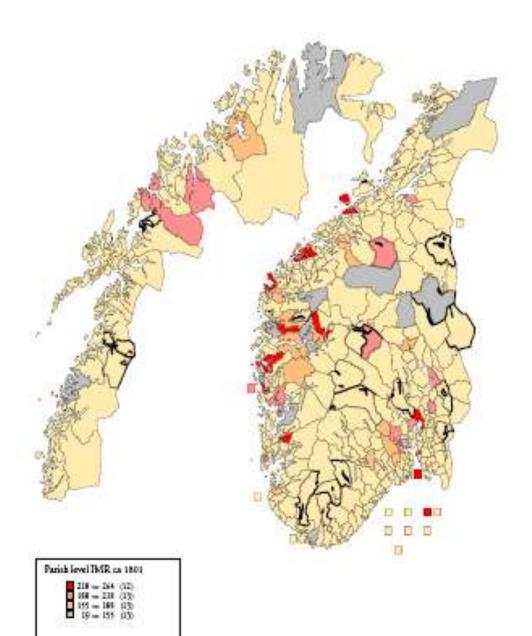

#### Infant mortality rates Norway 1876-80

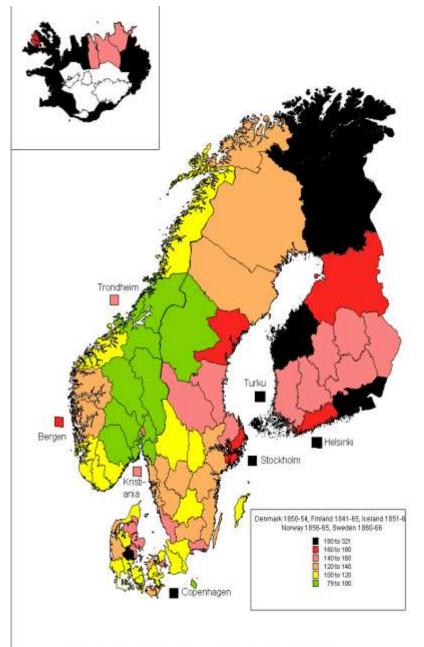

Parishes 1801

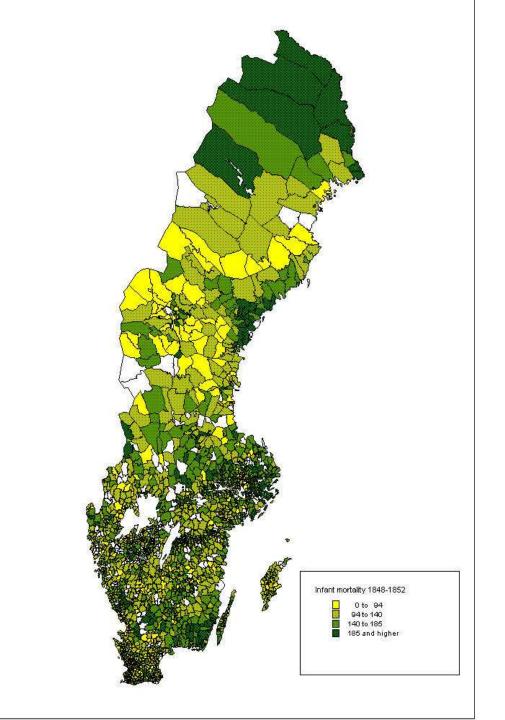

# Nordic provinces (counties)

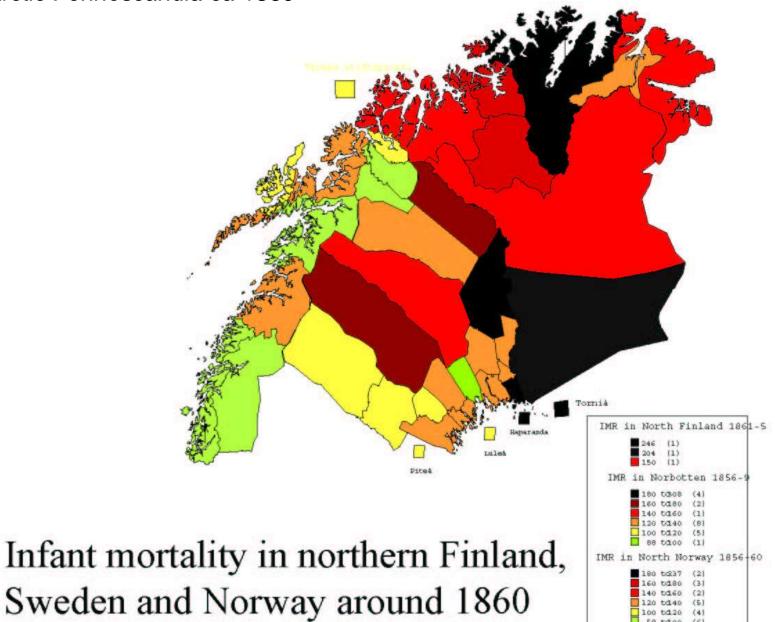

Infant mortality in the mid 19th century in the Nordic countries

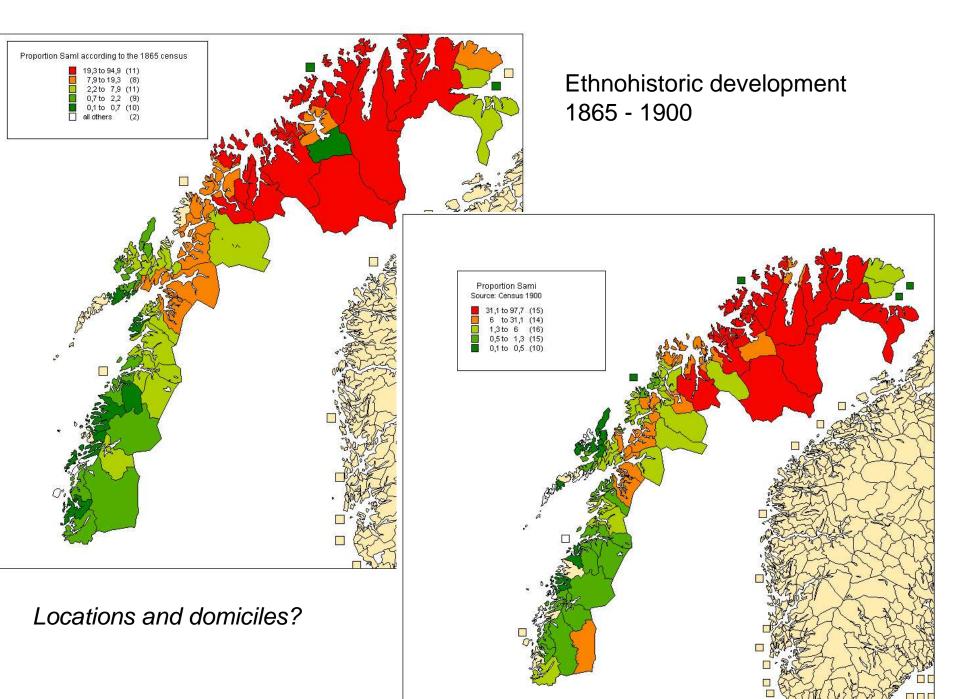

Infant mortality in Sweden 1848-1852

Parish borders ca 1850

# Parishes and municipalities in Arctic Fennoscandia ca 1860

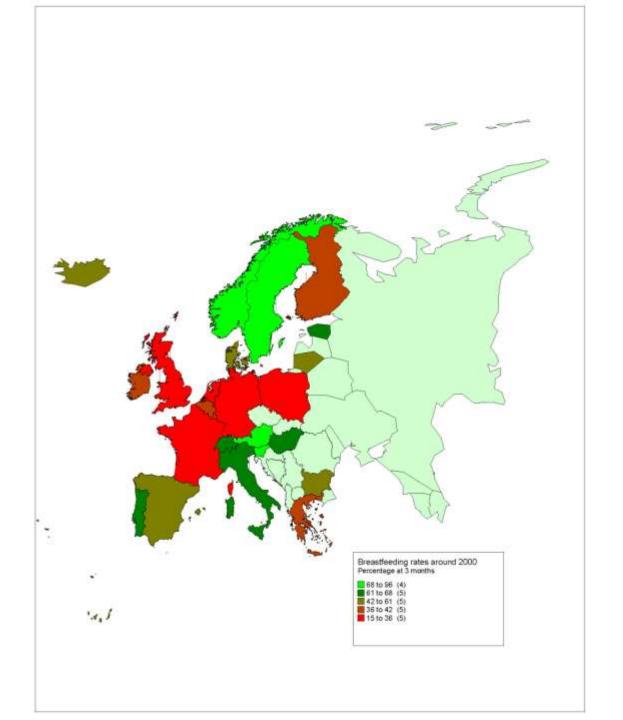

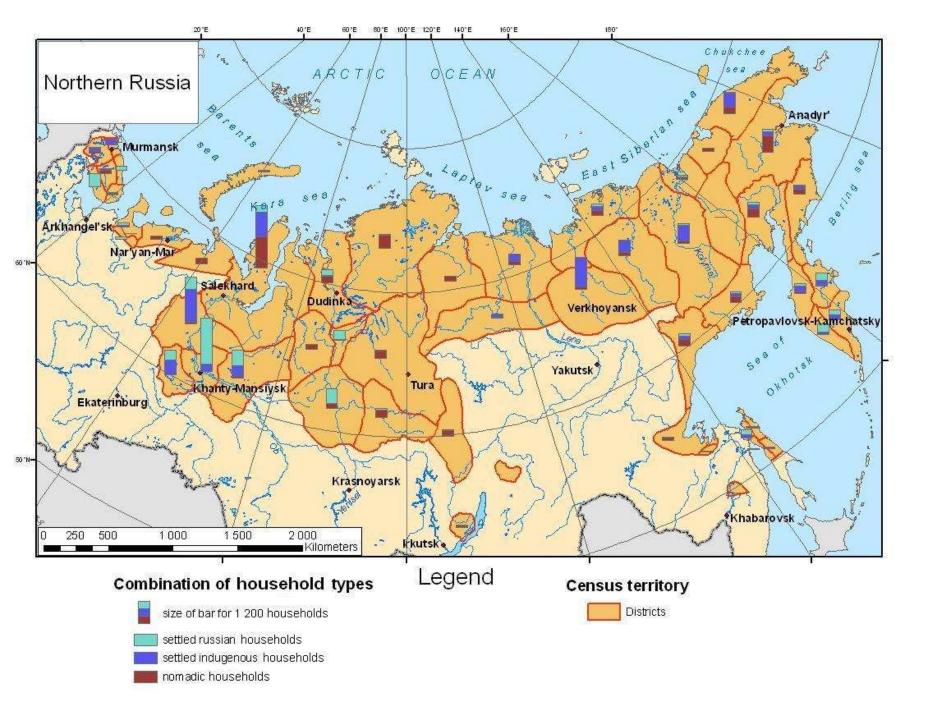

#### Breastfeeding in West Europa ca 2000

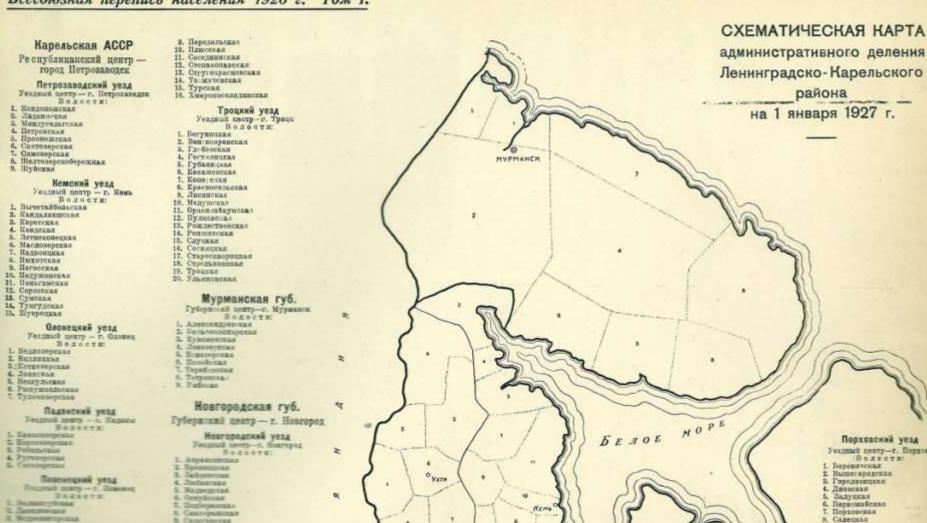

Where are the regional and local details?

# Census tracts 1926

#### Всесоюзная перепись населения 1926 г. Том I.

Map 4: Net Migration by Region in Russia, 1989-2002

Net migration (as a percent of 1989 population)

Figure 6a: Projected Population Change by Region in Russia, 2006 to 2026 Population growth Population decline 10.1 to 31.9 Projected population change, -9.9 to 0.0 2006-2026 (percent) 0.1 to 10.0 -19.9 to -10.0

-46.5 to -20.0

Development of education and schools for the indigenous population in the 19th century **ОБДОРСК** www.rhd.uit.no/glavatskaya БСРЕЗОВ 9° Place name 1 Шоркальский Наксичаальские Placo namo 20 . с. Коропьскио с. Сухоруховское с. Ларыятског с. Малокоганское Нажнелу впокольсь Филинские • Сатыгинский LEGEND Балугровский " District school Васпованский ... Юровское Чарнавский • Mixed (Indigenous-Russian) schools Indigenous schools Тобары

#### GIS and Mapping Priorities

- > Digital and digitized maps to be used for research without copyright considerations
- European regional borders, also historical
- > European local borders, also historical cf the US Census Tract Project
- Where does Europe end? The inclusion of Eastern Europe and Russia
- Population clusters (urban) and points (rural)

#### > Technical issues

- Standardized projections etc across nations
- File formats for the mostly used GIS packages
- ➤ Web-based interfaces to digital map collections
