

BSC 2009

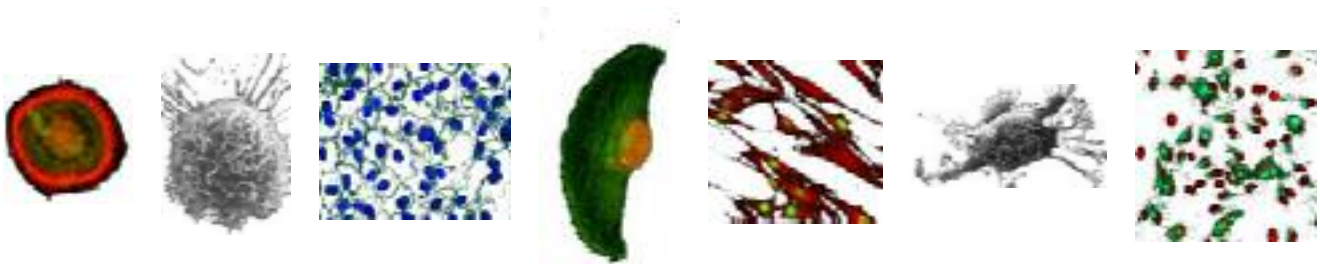

Bone Stem Cells

A European Science Foundation Workshop

"Regenerative Medicine" (REMEDIC) Research Networking Programme

7-10 October 2009, Bertinoro (Forlì), Italy

Supported by the European Orthopaedic Research Society

This residential workshop is specifically intended to serve as a forum for a selected number of young investigators that are actively involved in bone stem cell research. A **maximum of 40 participants** will be selected based on the abstract and the CV.

A number of **20 grants** is available for this Workshop, covering registration fee, accomodation, and travel, and will be awarded based on the abstract and the CV.

30 April 2009: Abstract submission deadline
