

WG 3 Best Practices

1st Forum Workshop Meeting Notes

Subject: SiS activities are carried out in a number of stages. The preliminary stage is getting the information that leads to the second round.

Goal: identify those activities which are scalable, transferable exported and useful depending on the cultural context

Partners: ministries, universities and performing institutions other agencies, media...

Genova: We will present the success stories from 3 or 4 practices chosen from the survey.

Survey:

Identification of best practices by a two dimensional axis grid:

Vertical: enumerating the activities, describe in formal way for simpler aggregation

Horizontal: criteria describing the activities

Criteria for classification:

1. Why motivation activities
2. For whom target group
3. How, by what means you got the activities instruments, tools, format
4. How often put the activity in practice
5. Date of the activity: how long should the survey cover? Last 3 years?
6. The degree of involvement, engagement of the target groups
7. Resources cash and in-kind?
8. Documentation available
9. Marketing efforts
10. Identification of obstacles
