

Programme Title(ACRONYM)

Review Panel Final Evaluation Form
Please return by: dd mm yyyy

Review Panel Member's Name:

Review Panel members are asked to provide as thorough an evaluation as possible and to substantiate their comments.

Please note that evaluation is aimed at the level of the programme, on the basis of the input provided by the Collaborative Research Projects and the supporting documentation provided by the ESF office. Each Review Panel member is therefore asked to complete only one form.

1. Progress in the Collaborative Research Projects (CRPs)

Please evaluate and comment on the basis of the following:

- Progress towards CRP goals
- Integration and collaboration within the multinational CRP teams
- The scientific highlights of the CRPs, including main achievements, contribution to knowledge, joint outputs

Please rate the programme:

- 0: cannot evaluate 1: weak 2: average
 3: good 4: excellent

2. Programme integration

Please evaluate and comment on the programme on the basis of the following:

- The contribution of the CRPs to the programme and the integration of the CRPs within the programme
- The added value of the programme for the CRPs (have the CRPs benefitted from being part of the programme?)

Please rate the programme:

- 0: cannot evaluate 1: weak 2: average
 3: good 4: excellent

3. Networking, training and dissemination

Please evaluate and comment on the programme on the basis of the following:

- *The intensity of networking, training and dissemination activities and the level of participation of the various CRPs*
- *The usefulness and impact of the networking, training and dissemination activities on the field of research and the programme goals.*

Please rate the programme:

0: cannot evaluate

1: weak

2: average

3: good

4: excellent

4. General comments and other feedback

How well has the programme achieved its potential?

Any other comments in relation to the facilitation and promotion of collaborative research.
