

Challenges in the study of deep-sea ecosystems' interconnectivity
Workshop programme (preliminary)

Wednesday, 8 September

9.30 - 10.40	Reception of participants Welcome and Workshop structure
10.40 - 11.00	Coffee break
11.00 - 12.40	<u>Reproductive biology - Reproduction modes</u> Keynote talk (30 min): Paul Tyler (National Oceanography Centre, Southampton) Other presentations (20 min) Discussion (50 min)
12.40 - 14.00	Lunch
14.00 - 15.40	<u>Reproductive biology - Larval biology</u> Keynote talk (30 min): Craig Young (Oregon Institute of Marine Biology) TBC Other presentations (20 min) Discussion (50 min)
15.40 - 16.00	Coffee break
16.00 - 17.40	<u>Reproductive biology - Taxonomy and identification of larvae</u> Keynote talk (30 min): Sylvie Gaudron (University Pierre and Marie Curie) Other presentations (20 min) Discussion (50 min)

Thursday, 9 September

9.00 - 10.40	<u>Dispersal - Biological mechanisms</u> Keynote talk (30 min): Ann Vanreusel (Ghent University) Other presentations (20 min) Discussion (50 min)
10.40 - 11.00	Coffee break
11.00 - 12.40	<u>Dispersal - Physical processes</u> Keynote talk (30 min): Henrique Queiroga (University of Aveiro) Other presentations (20 min) Discussion (50 min)
12.40 - 14.00	Lunch
14.00 - 15.40	<u>Methodologies - Molecular tools and phylogeographic models</u> Keynote talk (30 min): Didier Jollivet (Station Biologique de Roscoff) Other presentations (20 min) Discussion (50 min)
15.40 - 16.00	Coffee break
16.00 - 17.40	<u>Methodologies - Oceanographic modelling</u> Keynote talk (30 min): Jesus Dubert (University of Aveiro) Other presentations (20 min) Discussion (50 min)
19.30	Workshop dinner

Friday, 10 September

9.00 - 10.40	<u>Methodologies - <i>In situ</i> and <i>ex situ</i> experimental approaches</u> Keynote talk (30 min): Other presentations (20 min) Discussion (50 min)
10.40 - 11.00	Coffee break
11.00 - 13.00	Final round-table discussion Define writing tasks and proposal ideas
