

**Come and join the
European Science
Foundation's activities
at the EGU General
Assembly 2009.
In several sessions,
we are showcasing
a selection of
our activities and
opportunities for
getting involved.**

The European Science Foundation (ESF) provides a platform for its Member Organisations to advance science and explore new directions for research at the European level. Established in 1974 as an independent non-governmental organisation, the ESF currently serves 80 Member Organisations across 30 countries.
