

50

50 years

of **Radiation
Science**

in the Netherlands

*from Molecular Research
to Medical Application*

2-3 April 2009

For information and
registration: www.nvrb.org

50th anniversary of the Dutch Society for Radiation Biology

2-3 April 2009

Venue Conference centre
'de Leeuwenhorst',
Noordwijkerhout, The Netherlands

Keynote speakers:

M-H. Barcellos-Hoff (USA)

V. Cheung (USA)

P.A. Jeggo (UK)

J. Lukas (DK)

J. Pouyssegur (FR)

Topics: Hypoxia,
Genomics & Proteomics in
Radiobiology, DNA repair,
DNA damage signaling &
chromosomal instability,
Stem cells, Normal
tissue response.

Awards for: NVRB Young
Investigator, best poster
and best proffered paper.
