

RESEARCH CONFERENCES

ESF-FMSH Entre-Sciences Conference in partnership with UPCAM

Global Change Research II:

Environmental Crisis, Energy Issues and Global Regulation Policies

11-16 June 2010 IGESA, Porquerolles Island, France

List of Accepted Posters			
	Surname	First Name	Title
1	Comba	Danilo	Prospects for exploitation of continental shelves on the basis of two polar system
2	Cremin	Emilie	Waste of energy and ecosystem services managements
3	Kamagaté	Bamory	Impact of the climatic variability on water resources and vegetation of Bandama watershed in intertropical environment (Côte d'Ivoire)
4	Kaptagaeva	Aida	Wind turbines installation in the Issyk-Kul biosphere reserve: threats and possibilities
5	Kozyatnyk	Ivan	Impact of hydro power plant reservoir on drinking water quality
6	Miclaus	Ingrid	Possible effects of solar-induced and internal climate variability on the thermohaline circulation
7	Muradyan	Vahagn	Studying degradation of mountain ecosystems and assessing their bioenergy capacities through up-to-date technologies
8	Napoli	Nadia	Renewable energy: IRENA and other international organizations
9	Rafikova	Julia	Using of satellite data for the estimation of natural resources and technical potential of wind energy
10	Russo	Eleonora	Climate change negotiations in Europe after the Lisbon Treaty
11	Shanin	Vladimir	Forecasting of carbon budget dynamics at climate changes using individual-based model of forest growth and elements cycling EFIMOD
12	Shevchuk	Irina	Recuperation of Uranyl Ions from Effluents by Bacillus polymyxa IMV 8910 Cells
13	Szabo	Anita	Energy-efficiency and adaptation to climate change in the R&D strategy of urban water management in Hungary
14	Tayyab	Muammad	Ethanol as Greener Renewable Bio fuel: A sustainable energy option for future
15	Toderascu	Robert	Development of a joint system based on numerical models to provide the environmental support in the Black Sea
16	Topin	Frédéric	Efficient design of heat exchanger from local conjugate heat tranfer modeling to global otpimization
17	Wilenskin	Anastasia	Russia after COP15: changes in environmental policies and approach
18	Zhou	Xin	China's Energy Policy - from the 11th Five Year Plan to the 12 th Five Year Plan
