# Naturalistic Approaches<sup>to</sup> culture?

# PROGRAM OVERVIEW

|                            |  |
|----------------------------|--|
| Sunday, 4 September        |  |
| 12:00-16:00                | Arrival, registration  |
| 19:00                      | Welcome dinner and reception   |
| <b>Monday, 5 September</b> |  |
| 9:00 – 9:15                | <i>Opening</i> by Csaba Pléh, Department of Cognitive Science, Budapest University of Technology and Economics   |
| 9:15 – 9:30                | <i>Introduction to the European Science Foundation and its Standing Committee for the Humanities</i> , Eva Hoogland, European Science Foundation   |
| 9:30 - 10:30               | <i>Natural pedagogy as an evolutionary adaptation</i><br>Gergely Csibra, Cognitive Development Center, Central European University, Budapest   |
| 10:30 - 11:00              | Coffee break   |
| 11:00 - 12:00              | <i>Multilingualism and Theory of Mind</i><br>Ágnes Kovács, Cognitive Development Center, Central European University, Budapest   |
| 12:00 - 13:00              | <i>Why imitation is selective and cost-sensitive, and what difference it makes?</i><br>Olivier Morin and Jean-Baptiste André<br>Institut Jean Nicod, Paris and CEU, Budapest                     |
| 13:00 – 15:00              | Lunch  |
| 15:00 – 16:00              | <i>Discussion</i> <b>Developmental science and the nature-nurture issue</b><br>Teleconference with Judit Gervain, Laboratoire Psychologie de la Perception, CNRS, Paris<br>Chaired by Csaba Pléh |
| 16:00 – 16:30              | Coffee break   |
| 16:30 – 17:30              | <i>Discussion</i> <b>How to explain cultural behavior on the basis of evolution and neuroscience?</b><br>Chair: Gergely Csibra   |
| 17:30 – 19:30              | <b>Poster session I. Language and culture</b><br><i>Orchestrated</i> by Ágnes Kovács<br>Bambini, Fusaroli, Halloy, Nánay, Lim, Mascaro, Hegnes, Pérez, Sosišc                                    |
| 19:30 – 20:30              | Dinner   |

| <b>Tuesday, 6 September</b>          |   |
|--------------------------------------|---|
| 9:00 - 10:00                         | <i>Biocultural approaches to mind and knowledge</i><br>Eugenia Ramirez-Goicoechea, Department of Social and Cultural Anthropology, UNED, Madrid   |
| 10:00 - 10:30                        | Break   |
| 10:30 - 11:30                        | <i>The evidence for culture led gene-culture coevolution</i><br>Peter Richerson, Department of Environmental Science and Policy, University of California Davis   |
| 11:30 - 12:00                        | Break   |
| 12:00 - 13:00                        | <i>The Item/System Problem in Cultural Evolution</i><br>Nick Enfield, Max-Planck Institute for Psycholinguistics and Radboud University, Nijmegen   |
| 13:00 - 15:30                        | Lunch   |
| 15:30 - 16:30                        | <i>Discussion "How is culture shaping the mind?"</i><br>Chair: Matti Sintonen   |
| 16:30 - 18:30                        | <b>Poster session II. Culture in animals and children</b><br>Orchestrated by Olivier Morin<br>Számadó/Zachar, Claidiere, Verpooten/Joye, Schwab/Bugnyar, Kis/Wilkinson, Téglás, Kampis/Király/Krekó/Topál |
| 19:30 - 20:30                        | Dinner reception  |
| <b>Wednesday, 7 September</b>        |   |
| 9:00 - 12:00<br>(incl. coffee break) | <i>Discussion "How to move ahead: is there a naturalistic theory of all culture, or are there grounds to expect that one will emerge?"</i><br>Chair: Peter Richerson                                      |
| 12:00 - 14:00                        | Lunch   |
| 14:00                                | Departure   |
