

ESF/ESA/ESPI Conference
Humans in Outer Space – Interdisciplinary Odysseys
Vienna, Konzerthaus
11-12 October 2007

Programme

Thursday, 11 October

10.00 – 10.15	Welcome by the Chairmen of the Programme Committee	Luca Codignola , University of Genoa Kai-Uwe Schrogl European Space Policy Institute BMVIT
	Introduction of the ESF project	Monique van Donzel , Jean-Claude Worms European Science Foundation
10.15 – 12.00	Setting the scene	Moderator: Luca Codignola University of Genoa
	Encounters	Luca Codignola University of Genoa
	Are we alone? Searching for life in the universe and its creation	Gerhard Haerendel Max-Planck-Institute for Extraterrestrial Physics
	Space and the movies	Thomas Ballhausen Austrian Film Archive
	Next Generation Visions for the Next 50 Years in Space	Agnieszka Lukaszczyk Space Generation Advisory Council
12.00 – 13.30	Lunch	
13.30 – 14.45	Can we compare?	Moderator: Monique van Donzel European Science Foundation
	Exploration in the 16th century	James Muldoon The John Carter Brown Library
	Exploration inside the human being	Gisli Palsson University of Iceland

	Better drop analogies	Sven Grahn Swedish Space Corporation
14.45 – 15.00	Break	
15.30 – 17.00	“Spatiality” - Space as a source of inspiration	Moderator: Olivier Francis University of Luxembourg
	How we talk and write about space	Ulrike Landfester University of Sankt Gallen
	Marketing and branding space	Edi Keck Haslinger, Keck Werbeberatung
	Providing inspiration through international cooperation	Nicolas Peter European Space Policy Institute
19.00	Dinner at a Heurigen	

Friday, 12 October

09.00 – 10.30	First Odyssey: Humans inside the Earth orbit: what effect does it have?	Moderator: Marcel Egli Swiss Federal Institute of Technology
	With the eyes of an astronaut	Claude Nicollier ESA European Astronaut Center
	Human spaceflight, technology development and innovation	Richard Tremayne-Smith British National Space Centre
	Human-machine cooperation in space environments	Gabriella Cortellessa National Research Council of Italy
	Space law in the age of ISS	Frans von der Dunk University of Leiden
10.15 – 10.45	Break	
10.45 – 12.15	Second Odyssey: Humans in space exploration: what effects will it have?	Moderator: Jean-Pierre Swings ESF European Space Science Committee
	Humans – more than the better robots for exploration	Wolfgang Baumjohann Austrian Academy of Sciences
	Philosophy of humans leaving the Earth	Jacques Arnould Centre National d'Etudes Spatiales
	Human spaceflight as a matter of culture and national vision	Lingner Stephan Europäische Akademie
	In need of a legal framework for exploration	Ulrike Bohlmann European Space Agency

12.15 – 13.15	Lunch	
13.15 – 14.30	Third Odyssey: Humans migrating the Earth: why we should think!	Moderator: Jean-Claude Worms European Science Foundation
	Mars as a place to live?	Gerda Horneck German Aerospace Center
	Religion and the question: what happens, if we meet somebody out there?	Paolo Musso University of Insubria
	E.T. Culture	Debbora Battaglia Mounht Holyoke College
14.30 – 15.30	Reports by session moderators – Conclusions: The Vienna Vision on Humans in Outer Space	Moderator: Kai-Uwe Schrogl European Space Policy Institute
