

### Science Meeting Proposal – Report

**Report concerning the MicroDICE splinter meeting organised in the frame of the EGU conference in Vienna, April 13<sup>th</sup>, 2015.**

#### **MicroDICE project 5923**

Maurine Montagnat  
June 12, 2015

The splinter meeting was organised in Vienna, just before the last steering committee meeting of the MicroDICE ESF project.

A MicroDICE special session took place in the morning just before the meeting so that all participants to this session were invited.

We were willing to celebrate the end of this project, and enable people to enjoy discussion and lunch together.

During this meeting, two books “Creep and Fracture of Ice” were offered to two young researchers selected amongst the participants of the special session MicroDICE, as a MicroDICE price.

We also offered a MicroDICE mug to all the SC members and to the two young researchers awarded.

Following is the final budget:

Books “Creep and Fracture of Ice”, Schulson and Duval, 2009	256.80 €
Catering, 30 persons – Motto Catering	852.84 €
MicroDICE mugs – 16 pieces	167.90 €
<b>TOTAL</b>	<b>1277.54 €</b>
