- 1) Purpose of the visit: I was given a grant to attend the “European Courts in a Globalized World 1400-1700” conference of the PALATIUM networked organised by Dr Nuno Senos of CHAM and hosted at the Palace of the Marquis of Frontiera on the 7th and 8th of November 2013
- 2) Description of the work carried out during the visit: Before going to Lisbon, I research and wrote a paper to be presented at the conference. The conference itself was very interesting: the quality of the papers was very high, the discussions were engaging, and the combination of academic and social events allowed the conference delegates to network. I presented my paper during the conference.
- 3) Description of the main results obtained: Beyond the important contacts made, new avenues for my own research were realised. Importantly, the valuable opportunity to present my research to a group of my peers provided useful feedback.
- 4) Future collaboration with host institution (if applicable): I hope to continue to engage with the work of the PALATIUM network by attending either their next conference or summer school.
- 5) Projected publications / articles resulting or to result from the grant (*ESF must be acknowledged in publications resulting from the grantee’s work in relation with the grant*): My paper, on the Display of Exotic Gifts in Sixteenth Century Tuscany will be published as part of the proceedings.
- 6) Other comments (if any): A rare and wonderful opportunity, much appreciated.
